January 2, 2004

MEMORANDUM TO: Fiscal Officers of All Offices, Agencies, Department, Boards, and Commissions
FROM: Kevin Milstead, Administrator State Accounting
SUBJECT: Signature Authorizations

All agencies, including the offices of elected officials, must have accurate signature authorization forms on file with State Accounting. Only the agency head, director, elected, or duly appointed state officer may designate individuals to sign or initial encumbering and disbursement documents.

Attached are six required signature authorization forms and an optional CAS automatic signature print form. The six required signature authorization forms replace all other such forms, including the payroll authorization form. Completion of these forms will fulfill your agency or office obligation to update these files annually. Agencies are also responsible for submitting forms to State Accounting when the director or appointing authority changes and whenever an authorization name needs to be added or deleted because of a change in agency personnel. The six forms attached are as follows:

- **Chief Fiscal Officer Designation and Signature Authorization for Vouchers.** This form serves two functions: 1) it lists the employee names, signatures, and initials of those authorized to sign vouchers submitted to OBM/State Accounting for payment, and 2) it designates a person as Chief Fiscal Officer. This person is then the sole individual authorized to make such requests as changes to CAS security, CAS terminal genning, journal entry adjustments, and system overrides.

- **Signature Authorization for Encumbering Documents.** Lists the employee names, signatures, and initials of those authorized to sign encumbering documents submitted to OBM/State Accounting.

- **Payroll Voucher Authorization and Certification.** Lists the employee names, signatures, and initials authorized to sign payroll certification and authorization vouchers submitted to DAS and OBM/State Accounting.

- **CAS Automatic Signature Print.** Central Accounting System offers the capability of printing a name and title in the "Signature" and "Title" blocks of both the voucher and purchase order. To take advantage of this feature, complete this form. Include the name to be printed in the "Signature" block, exactly as it is to be printed, and the person's title. This printed signature must be initialed by an individual listed on the respective authorization forms. There can only be one name assigned per agency. Prior to implementing voucher print with automatic printing of an agency designated name and title, proper internal controls should be established to ensure the feature is not abused.
• **Payment Card Administrator and Assistant Administrator Designations.** This form is issued to designate a Payment Card Administrator and Assistant Administrator. These individuals will establish and maintain the Payment Card program for their agency.

• **Approval Authorization for Electronic Data Exchange (EDI) Program.** List the names of employees authorized to approve EDI payment vouchers in the Central Accounting System (CAS) for the agency head or duly appointed state officer.

• **State Accounting’s Agency Contacts.** This form updates your agency contact information for State Accounting. Please note that the Chief Fiscal Officer is the only person authorized to sign CAS Security Applications.

Please complete and return the required signature authorization forms as soon as possible, but no later than February 6, 2004. You may direct any questions regarding this matter to Carolyn Harvey at (614) 466-6674.

PAYMENT CARD ADMINISTRATOR AND ASSISTANT ADMINISTRATOR DESIGNATIONS

In order to implement the Payment Card Program, it is necessary for each agency director to designate one Payment Card Administrator and one Payment Card Assistant Administrator to establish and manage the program. The following are the primary responsibilities of the Payment Card Administrator:

• Approves agency selection of cardholders. Seeks approval from OBM for agency approved cardholders. OBM will approve only cardholders that are approved by an authorized Payment Card Administrator or Payment Card Assistant Administrator.

• Approves Central Accounting System (CAS) security forms for designation and authorization of employees who approve payment card electronic vouchers for payment.

• Ensures timely payment within CAS of payment card electronic vouchers.

• Distributes issued cards to individual cardholders.

• Ensures all documentation supporting cardholder transactions is maintained.

• Provides confirmation monthly to OBM that monthly reconciliations have been completed.

• Helps cardholders, supervisors, and accounting personnel in determining restrictions and limits for each cardholder. Signs off on these limits along with the supervisor of each cardholder.

• Oversees the agency’s policies and procedures for the payment card program.

• Reviews reports periodically to assure that prompt payments are being maintained and that no inappropriate activity has been recorded or attempted.

• Schedules training for new cardholders. Confirms each new cardholder’s understanding of internal and statewide purchasing procedures.

It is hereby certified that ______________________________ is the Payment Card Administrator and that ______________________________ Assistant Payment Card Administrator for this agency this __________________________ day of ________________________, 20__.

__________________________________________________________
Signature of agency head or other elected or duly appointed state officer.
