C. Calendar Year 2007 Procedure

The following CY 2007 procedure shall be used for each noncompetitively bid contract for the
purchase of goods or services costing more than $500.00 which is awarded during CY 2007.

1. On December 18, 2006, OBM sent a memorandum explaining the CY 2007 procedure to
state vendors who received over a twelve-month period purchase orders in excess of
$500.00, which did not reference a state term contract or a state term schedule. A state
agency shall copy and send the memorandum to a new vendor to whom the agency may
award a noncompetitively bid contract for the purchase of goods or services costing more than $500.00. An agency should routinely send the memorandum and the IRS Form W-9 to a new vendor whenever a vendor is added to the CAS vendor system.

2. All requests for proposals, proposals submitted by a vendor, written contracts, Controlling Board requests, and purchase orders for noncompetitively bid contracts of goods or services costing more than $500.00 shall include a standard statement affirming the vendor’s compliance with the contribution restrictions.

3. The vendor is responsible for ascertaining whether the vendor can make the affirmative statements requested in those documents. A vendor who cannot make such statements shall not accept the award of the contract. A state agency may reasonably rely on the statements made by the vendor and is not required to verify the statements independently.

4. OBM may ask a vendor who has previously made contributions in excess of $1,000.00 within the two prior calendar years to complete a separate contribution disclosure statement. Agencies may access master table inquiry VBID to determine which vendors have indicated they are unable to accept a noncompetitively bid contract for the purchase of goods or services costing more than $500.00 because their contributions exceeded $1,000.00 within the two previous calendar years.

5. The agency shall send a completed purchase order to a vendor immediately to document both the contract with the vendor and the encumbrance of funds sufficient for the contract.

6. The vendor’s acceptance of the purchase order, with the contribution restriction statement printed on the form, signifies the vendor’s compliance with the contribution restrictions of Section 3517.13 of the Revised Code.

7. If the vendor has questions about the inclusion of the compliance statement in a request for proposals, proposal, contract, or Controlling Board request or on the purchase order, the state agency should refer the vendor to OBM’s memorandum to State of Ohio vendors explaining the CY 2007 procedure.

8. If the vendor’s representative has any questions about the vendor’s contribution status, the representative should contact a superior. Additionally, the vendor may want to contact an attorney or request an advisory opinion interpreting its status on a prospective basis from the Ohio Elections Commission, at 21 West Broad Street, Suite 600, Columbus OH 43215.

9. If the vendor either (1) cannot make the affirmative statement required in a proposal, contract, or Controlling Board request or on the purchase order, or (2) does not know if the statement can be made, the agency CANNOT make the purchase from the vendor and the vendor CANNOT accept the contract award.

D. Conclusion

This memorandum notifies you of the CY 2007 procedure that a state agency whose director or head is appointed by the Governor will follow to assure compliance with the contribution restrictions applicable to the award of a noncompetitively bid contract for the purchase of goods or services costing more than $500.00.
In the interest of expediting state business, please communicate to your purchasing and contract staff the information contained in this memorandum.
